Vol  
284

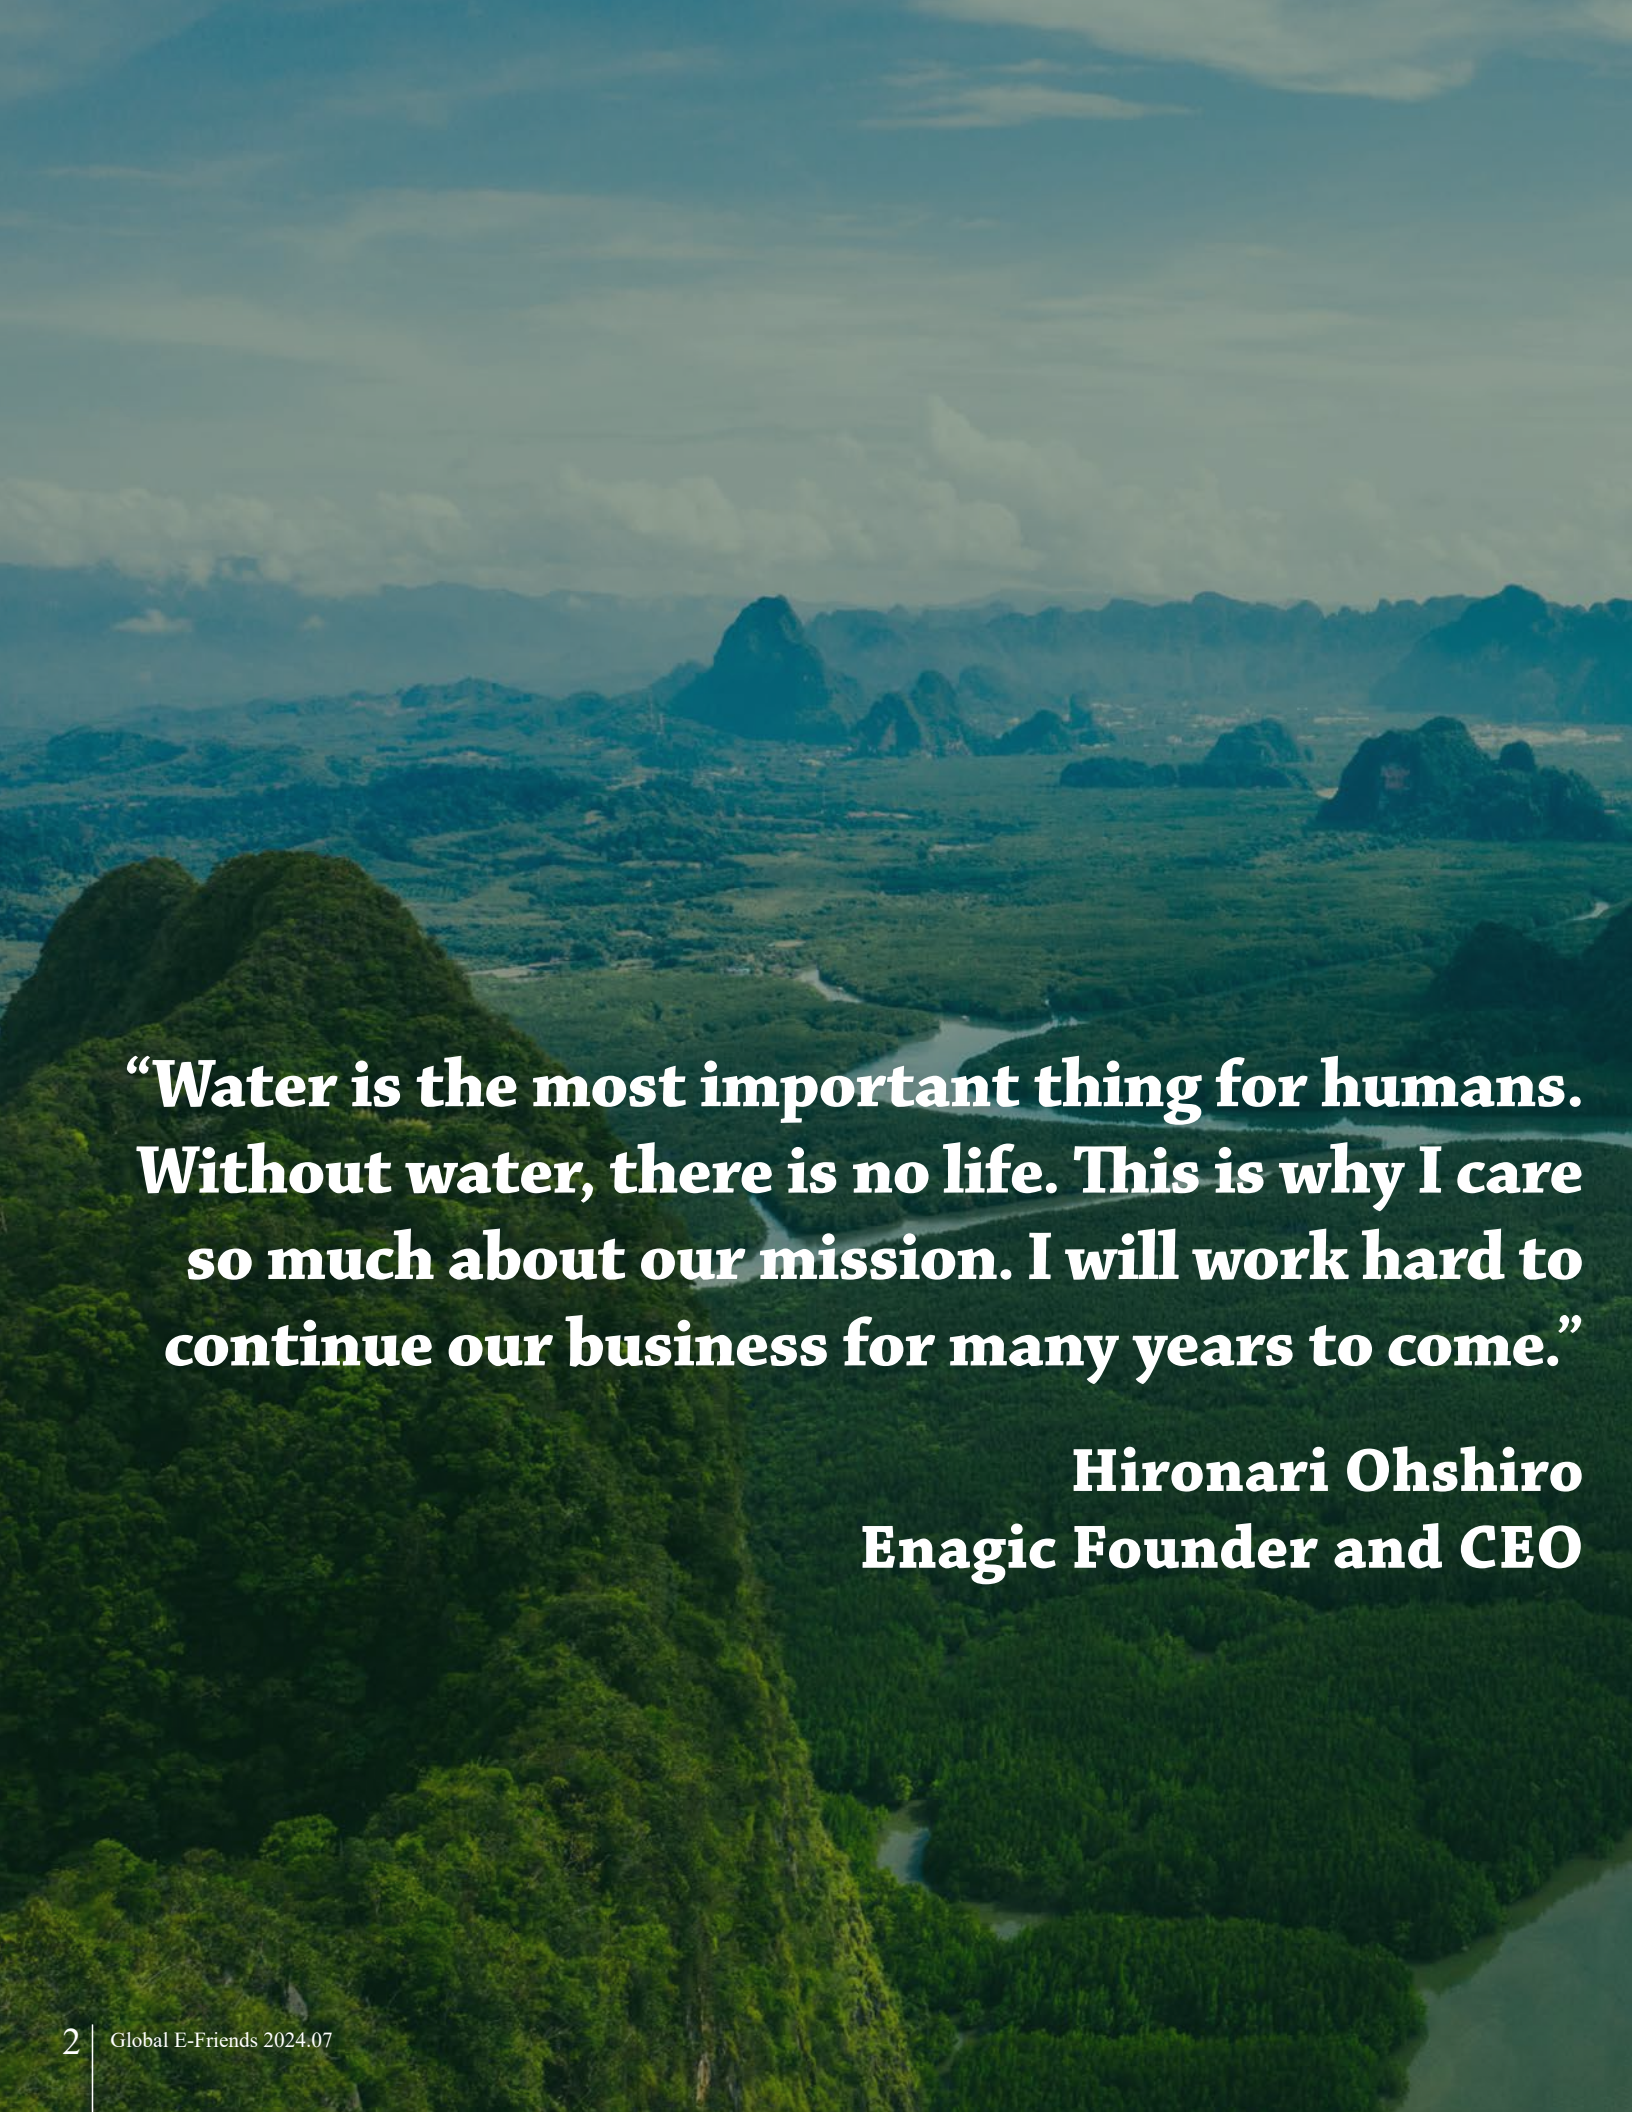

July  
2024

**Mr. and Mrs. Ohshiro Celebrate with  
Thousands at the Enagic 50th Anniversary  
Global Convention in Okinawa**

An aerial photograph of a lush, green landscape. In the foreground, a dense forest of tall, thin trees covers a steep slope. A winding river flows through the middle ground, surrounded by more forested areas. In the background, a range of karst mountains with distinctive conical peaks stretches across the horizon under a cloudy sky. The overall scene is vibrant and natural.

**“Water is the most important thing for humans. Without water, there is no life. This is why I care so much about our mission. I will work hard to continue our business for many years to come.”**

**Hironari Ohshiro  
Enagic Founder and CEO**

# Message from Mr. Ohshiro

## Thank You For Helping Enagic to Celebrate 50 Years and Thrive

On June 22, we celebrated our 50th anniversary for Kangen Water® and Enagic. I was a very, very happy man to be able to celebrate this landmark anniversary with everyone at the global convention at Okinawa Arena and with people who couldn't attend in person. I want to say thank you from the bottom of my heart for all the help and support that you've shown Enagic. From this tiny island, Okinawa, I want to make everyone in the world happy through Kangen Water®.

It's been 50 years since I started this business of sharing compassion through Kangen Water® and we began this journey together. People all over the world who are part of the business we built are truly grateful for Kangen Water®. There are now more than 2 million people around the world who are part of the Enagic family. It all started in Okinawa, the small island I am from. I am most proud of the fact that I was able to capture the global market from humble Okinawa.

You can't do it alone. You always need a partner. I've had my wife Yaeko by my side for over 53 years, before I even started Enagic. This 50 year anniversary celebration is not just for me. It's for all the Enagic employees, Independent Distributors, partners, friends, and family members.

Many families are part of Enagic. Family is the smallest social group in the world, so you can work together to provide for each other. Being able to help people around the world starts from home, so I think working as a family should be a priority. With my family and your family drinking and sharing Kangen Water®, the number of people involved will only continue to grow.

Share Kangen Water® in your communities and countries to build physical health, financial health, and peace of mind, mental health. Help to make more people and families realize True Health. Drink Kangen Water® together with them. Let's continue this business and our journey.

I stay energized because I drink Kangen Water® and enjoy Kangen Ukon every day. Do you take a double dose of Kangen as well? If so, I'm sure you're also energized, strong, and ready.

50 years ago, people would say, "That's just water," but this is the water that can change people's lives. Change your water, change your life! Let's toast with Kangen Water®. Kanpai!

*Hironari Ohshiro*  
Enagic Founder and CEO

# Enagic 50th Anniversary Global Convention Shatters Records and Exceeds Expectations

Over 7,000 people gathered at Okinawa Arena on June 22 to celebrate the triumphant Enagic 50th Anniversary Global Convention. Guests from across the globe enjoyed two sessions. Of course Kangen Water® was readily available throughout the venue to keep guests hydrated.

The morning session began with distributors mingling, dancing and taking selfies for over an hour until a countdown started. A stirring music video depicted images of Okinawa and expanded to a view of Earth from space that illustrated Enagic’s global reach. We finally saw hands planting a sapling, a nod to Enagic’s 6A2-3 tree planting ceremonies at E8PA HQ. The announcer charted Enagic’s trajectory “from humble beginnings to a powerful global network of connections, friends and family, changing the lives of millions around the world.”

Enagic Founder and CEO Hironari Ohshiro and his wife Yaeko appeared on screen for a Q&A before taking the stage. He walked down the aisle in a black suit and white boutonniere, shaking hands. Yaeko wore a black floral dress and white coat. A man played a sanshin (traditional Okinawan stringed instrument) and sang a song with Kangen Water® inspired lyrics.

Mr. Ohshiro made a powerful speech that you’ll see reflected in the “Message from Mr. Ohshiro” on page 3. He brought family members on stage to greet the crowd to thunderous applause, including his two sisters, Hisako and Yoriko, his son, Hiroki, and two daughters, Kaori and Rika. Mr. Ohshiro also introduced his children’s spouses and grandchildren.

Ryukyu dancers in traditional garb performed alongside eisa drummers. Hirae Kinjyo Ryukyu Dance Studio presented “Yotsudake.” Two playful people performed in a fluffy brown and white dog suit, reminiscent of lion dancers, rolling around, standing and exiting the stage tail wagging. Okinawa International University’s Ryukyu Performing Arts and Literature Research Society presented a piece called “Super Mamidoma.” Dancers and musicians in traditional robes brandished hoes and other farming tools, sang, and played sanshins. This group depicted the island’s young people working hard to farm and praying for a plentiful harvest.

A dramatic video tribute summarized Enagic’s 50-year story. “After Ohshiro experienced adversity as a distributor for Japan’s largest electronics manufacturer [SONY], he decided to make a better path forward for entrepreneurs through the patented Enagic 8-point compensation plan,” a narrator said. “Beginning with the establishment of Enagic USA in 2003, Ohshiro would use human-based marketing to take the Enagic opportunity around the world. Enagic also introduced exciting new products including the flagship Kangen Water® ionizer, the Leveluk K8,

and the popular Anespa DX ion mineral spa. As the company supports the growth of distributors, Enagic products are found in more and more homes. From Japan to the United States, Europe, the Middle East, and Africa. More than 1% of households own and use an Enagic product! And now, 50 years later, look where Enagic is in 2024: 2 million distributors. The global market leader in water ionizers. Thank you to the legacy leaders who have grown Enagic into the global powerhouse for good that it is today.”

The afternoon session included recognition ceremonies for Independent Distributors who’ve earned ranks 6A2-3, 6A2-4, 6A2-5 and 6A2-6. Guests also witnessed presentations on the Kangen Foods 20th Anniversary, with top recognition going to Ukon and Curry/Beef. Attendees also met students from the Enagic Sports High School, who sang their anthem. People enjoyed eisa drumming, ryukyu dance and sanshin performances. A fun DJ dance set closed the show.

# Top Leaders Electrify Okinawa Arena Crowd With 50th Anniversary Convention Speeches

The Enagic 50th Anniversary Global Convention on June 22 had more highlights than E-Friends could possibly capture. Here are just some of the most memorable insights from top leaders, listed in order of appearance, who spoke and inspired attendees in Okinawa Arena and the people who watched the event by live stream.

## 6A4-5 Clint Morgan and Kristie Ord, Australia

1. Culture. “Think about what type of culture you want to create in your organization. For us, it was a culture of community, of collaboration, where everybody works together and wins. We also created a culture of fun. The more fun you have, the more money you make.”
2. Support Spaces. “Create things for your team to win. We’ve done over 1,000 webinars in the last 7 years. We’ve created an entire learning platform.”
3. Events. “Do we all agree that something magical happens in these rooms? Something shoots within us, and then we go back into our lives, we go back into our business and we inject that energy back into what we’re building.”

## 6A12-6 Eli, Jillina and Wadia Dafesh, United States

“At the end of the day, what business are we in? We’re not in the water business. We’re not a network marketing business. We are in the connection business, and our ability to make a friend is how we do what we do. Whether you do it online, it doesn’t matter. It’s about developing long-term partners for the rest of your life.”

“We first connected with Mr. Ohshiro and his philosophy for True Health and spreading social well being globally with compassion and this idea that people could have personal freedom, health freedom, financial freedom, spiritual freedom, peace of mind, and knowing who you are. We took that message, forgot about our own challenges, forgot about the struggles that we were having, and we took that out to families...we did all kinds of things: home demos, hotel demos, demos in churches, demos in the Torrance office, behind cars, anywhere and everywhere...We love the idea that we were looking for people that had a burning desire to change their life.”

## 6A4-5 Mike Dreher and Darren Ewert, Canada

“It’s been eight years since we started this journey. Right away we realized that this was going to be something huge. And I’m not talking about financially huge. We all know how lucrative the Enagic patented 8-point compensation plan can be. There’s nothing like it, but I’m actually talking about something so much more important. I’m talking about the kind of fulfillment that you get when you bring somebody into this opportunity, and you have that moment where you see the light go on for them for the first time. They start to make the kind of money that they’re finally worth, and they finally have the means to not only change their lives, but their family’s lives, and all of their future generations’ lives. You have this moment where you say to yourself, ‘I’m the one who introduced that to them. I’m the one who made that possible.’ And you work day and night along their side to help them achieve success. Now that is truly something remarkable. Each and every one of us are creating ripples out there in the world. We’re helping people wake up and realize their potential, who, in turn, are going out and helping others wake up and realize their full potential. Do something right now.”

### 6A2-6 Diem La, United States

“Standing here looks like a dream come true because I never believed that in the world there would be any opportunity to make me change my life... I am a very ordinary woman. I don't know much English. I'm not good with computers. I don't have much money. I was born in Vietnam, and my father passed away early on. I had to take care of my two younger brothers and my mother... I always wanted to make a lot of money to take care of my mother and younger brother who still live in Vietnam...I was very shy before and afraid to speak in front of people. Thank you, Enagic, for giving me the tools to succeed and transform me into the new version of me today.”

### 6A2-3 Colten Echave, United States

“My first year, I probably gave away 2,000 gallons of water for free. I brought 40 people to a group demonstration and made one sale my first year. It was super difficult. I got made fun of by my family. I got made fun of by my friends. I was single. I couldn't even get a date. It was a very difficult first year. My first Enagic event, I was too embarrassed to even take a photo. A year in. I had one sale. For my second event, I was able to bring two people... After this event, I saw the people on stage and thought, 'If they can do it, so can I.' So I worked as hard as I could. I was a personal trainer. One of my mentors said, 'Have a job that pays your bills and build a business on the side that will make you a fortune.' I kept building this on the side, and eventually, I was able to quit my job and go full time... Before social media was a thing, what you had to do was book appointments. I did. I showed 5,000 people that were brand new how to get involved in this business in one year. A demo a day keeps the commission checks on their way... I would do one a day, I would do two a day, I would do three a day. And it completely changed my life.”

### 6A2-5 Shukla Nageshwar, India

“One of my masters told me two days are important in the life of a human being. Day 1) You have taken birth on this earth. Day 2) When you get to know why you have taken birth on this earth. For me, the first day was December 25, 1992. The second day, the most important day of my life, was August 22, 2018. That was the day when I met Enagic.”

“I'm going to give you 5 principles which me and my team always follow:

1. My business is my responsibility.
2. If why is clear, then my destiny is near.
3. My network is my net worth. So let's build it.
4. If I train hard, then I work easy. That's the reason I became the world's youngest and fastest 6A2-3 in only 17 months.
5. United we stand and divided we fall.

### 6A2-6 Balazs Kardos, United States

“Our parents sacrificed so much to give us this opportunity of where we are today. We need to always remember their sacrifices. My mom worked three jobs. My dad passed away at 54 from cancer and he worked his entire life to just give us a better opportunity and give us hope. He brought us to Canada where there were more opportunities than back home in Europe. We're in the arena because our parents brought us to this door. If you can remember this, you'll have such a bigger impact passing it on to your generation for your kids and their kids.”

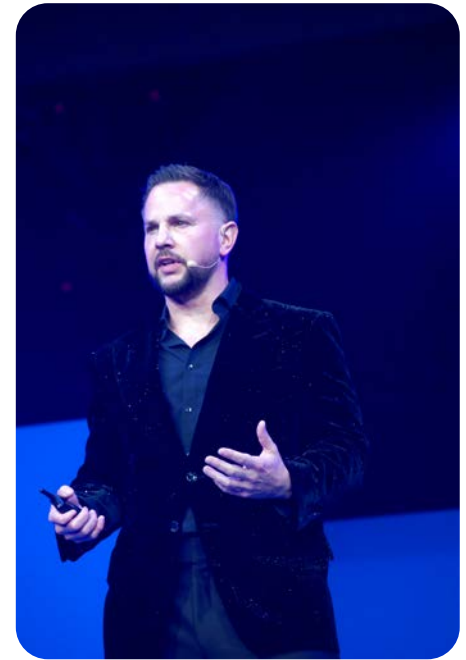

“One quote that I learned about early in my 20s was, ‘Most people die at 25 and they aren’t buried until they’re 80.’ What does that mean? People stop choosing to grow. But all of you here in this room, despite your age, you’re constantly choosing to grow, you’re putting yourself in uncomfortable situations, you’re challenging yourself, you’re making mistakes, you’re failing your way to success. And I think that’s really beautiful.”

**6A14-7 Cynthia Briganti, United States**

“Chasing millions does not give you freedom, but if you chase freedom, you will get millions.”

“The reason why we are here is you want to learn from the people who made the top, right? We are not here to brag. We are not here to compete. I’m very successful in life because I never compete with anybody. I compete with my production from last month. The present production is for God’s glory. It’s not for me.”

**6A12-7 Romi Verdera, United States**

“Almost 20 years ago, Mr. Ohshiro went to California. I was at a Japanese meeting. I did not understand much. All I knew was the water was working and they were earning money. I was broke. I had no job. My wife was working part-time, and I needed some money to pay my bills. So I joined, came back to New York. All we had was the pH tester. I started doing demos three times a day from house to house. In three months I became 6A. That was the start. And then we grew. They brought us to Okinawa. There were about 10 of us, me, Cynthia [Briganti], Jayvee [Pacifco], Eli & Jillina [Dafesh], Bob Gridelli. 10 of us. We came back and there were 50 of us. Later there were 100 of us. Then it became 500. Today there are 8,000. We are messengers of dreams. I was just a person dreaming of having a better life. And it came true for us.”

**6A3-7 Dang Nguyen, United States**

“Keep dreaming big and follow the footsteps of successful leaders. This is really an opportunity for everyone. It’s only happened once in our life. We have to make it become true with massive action. I strongly believe that massive action will produce the results. You will achieve whatever win you want. One day, every single person here will achieve 6A2-7 like me... Together with Enagic, we are champions.”

**Top Enagic producers and contest achievers celebrated the official Enagic 50th Anniversary on Friday, June 21, 2024 with a VIP Dinner and Reception at E8PA HQ in Sedake, Okinawa.**

# Independent Distributors Share Impressions From Enagic 50th Anniversary Global Convention

Independent Distributors who attended the Enagic 50th Anniversary Global Convention at Okinawa Arena were still buzzing after the June 22 event and touring Enagic facilities in Japan. Dozens of distributors shared heartfelt messages on the [enagic-convention.com](https://enagic-convention.com) “impressions” board. Here are some of the most memorable quotes based on their eye-opening experiences.

**1A Dr. Amit Pamnani & 1A Purvi Amit Pamnani, 6A Dushyant Dadhaniya & 6A Mona Dadhaniya, 1A Dr. Devinderkaur Dham Kapoor and 2A Amit Kumar Kapoor, and 1A Vikas Sultania, Dubai**

“The 50th Anniversary Global Convention was a remarkable event. Enagic’s milestone anniversary highlights its longstanding commitment to producing high-quality products that promote True Health and well-being through ionized water solutions. The main event at Okinawa Arena was well-organized and highly informative. It was a pleasure to connect with other distributors and prospective distributors from around the world. This experience has significantly benefited our role as distributors.”

**2A Tamara Chayban, Dubai**

“The trip to Japan enhanced my belief in the products and in the business. Visiting the factories and meeting the people behind the scenes made it more personal. It’s not just a machine. It’s a machine done by hand, and it’s artisanal. Meeting the whole Enagic community in Okinawa Arena gave me a new perspective on what’s possible and how far you can go as long as you keep going. It was holistically magical.”

**5A Natalia Nesteruk, Dubai**

“With all my heart, deepest thanks, Mr. Hironari Oshiro, for the opportunity to touch the origins of Enagic and for organizing the celebration of the company’s 50th anniversary. I also appreciated help from the entire friendly professional team of managers and employees from all countries in which Enagic offices are open for their support at every stage... It was an unforgettable journey, very important for me and my team members.”

**6A2-2 Nigora Ismail, Dubai**

“The event was a perfect blend of elegance and festivity, truly reflecting the company’s remarkable journey and achievements over the years. Everything was perfectly organized. We had a wonderful time visiting the facilities. Okinawa Arena was beautifully decorated, creating a warm and inviting atmosphere. The program was engaging and well-organized, featuring inspiring speeches from key leaders, a showcase of the company’s milestones, and heartfelt wishes. Additionally, the live entertainment added a touch of sophistication.”

### **6A Hind Afifi, Dubai**

“The 50th anniversary celebration was an incredible success, from the flawless organization to the inspiring speakers and spectacular show—it exceeded all expectations. Witnessing 7,000 distributors from around the globe come together to celebrate their success was incredibly motivating and inspiring. I am deeply inspired by Mr. Ohshiro’s vision and commitment to a brighter future for us and our children. Enagic is transforming lives globally and making a positive impact on health, wealth, and the environment. This celebration gave me a clear vision of the incredible impact and potential of this business model for me and my team. See you next year to celebrate our achievements together!”

### **6A2-3 Pak & Lok, Hong Kong**

“I’m still feeling so exhilarated and inspired. The venue was packed, buzzing with excitement and joy. Distributors and enthusiasts from all over the world gathered together, blessing and sharing insights with one another. You could feel the love everyone has for this brand.”

### **4A Evelyn Paredes & 5A Manny Chumiso, United States**

“Seeing leaders from all over the world being successful despite economic challenges and adversity was very inspirational. We left everything behind to come to this once in a lifetime event to celebrate with Mr. Ohshiro, our dear managers, and all our Enagic family... We look forward to continuing our Enagic journey and blessing more families to find True Health.”

### **6A Anonymous Distributor, United States**

“Walking the stage as a new 6A was awesome, I’m in tears right now just thinking about it, but also in tears thinking about the whole experience! I always love just BEING with Enagic people. It’s one of the most special feelings. It was incredible being in Okinawa, the heart of Enagic and Mr. O’s homeland!”

### **6A2 Lyndell Enns, Canada**

“My biggest take-away was a better comprehension of how BIG and diverse the Enagic opportunity is and how much can be learned from those who have already made it big-time! Our time together celebrating the Enagic 50th anniversary was also inspirational because it highlighted Enagic’s values of compassion, community and family as displayed right from the top by Mr. Ohshiro and his wife on down!”

**5A Mihaela Ceobanasu, Canada**

“I am immensely thankful for the opportunity to be part of such a significant milestone. Sharing this occasion with 20 esteemed business partners made it even more special. Together, we explored the vibrant and culturally rich city of Tokyo and Okinawa, Japan. The chance to visit these remarkable places, which I had never dreamed of before, was made possible through our association with Enagic, and for that, I am profoundly thankful. The event itself was a powerful and emotional experience. Each speaker conveyed a resonant and unifying message that Mr. Ohshiro has championed; we are not just colleagues or business associates, but a family. The emphasis on unity, perseverance, and shared vision was palpable, reinforcing the values that have been the cornerstone of Enagic’s success.”

**Anonymous Distributor, Japan**

“This experience seemed like an opportunity to transform myself. It truly felt like being reborn. Being there and feeling the atmosphere firsthand is something that cannot be experienced through Zoom or a screen.”

**Anonymous Distributor, Japan**

“The countdown on the screen began, and it felt like I was in a movie. The moment the countdown reached 0, it was incredibly powerful, almost bringing tears to my eyes. The speeches from the award recipients were also powerful, and I was deeply moved to hear their stories of perseverance and overcoming difficulties without giving up.”

**Anonymous Distributor, Japan**

“Top leaders, regardless of nationality, initially faced similar struggles and worries, but didn’t give up, believed in themselves, and ultimately changed their lives. This was very inspiring...I am determined to proceed forward with renewed determination, step by step, achieving higher titles.”

**Anonymous Distributor, Japan**

“I was overwhelmed by the scale of the convention and the diversity. When I saw Mr. Ohshiro presenting a sanshin (a traditional Okinawan musical instrument) to the top leaders, my daughter asked me, “Will you get one too, Mom?” I replied, “Yes, I will.” I will definitely walk that stage.. How will I reach my goal? Top leaders must have all been beginners at first. I will keep moving forward, taking action, and progressing step by step.”

**Anonymous Distributor, Japan**

“I was hesitant until the very last moment about attending the Enagic 50th Anniversary Convention, but I’m truly glad that I did... The recurring theme of the speeches was about perseverance and not giving up. I am eager to continue spreading this message to important people in my life.”

## Congratulations to the Enagic Sports High School Baseball Team on coming in 2nd Place in the Okinawa Tournament of the National High School Baseball Championship

The Newspapers described it as one of the best games in high school baseball history! The stadium, which seats 15,000, was packed to capacity. About 60% of the seats were Enagic supporters.

The players gave it their all. We received messages from many distributors saying they were moved by the performance. Mr. Ohshiro was also moved by the performance and sent the players encouragement for their future.

• BENEFITS OF •

# KANGEN WATER®

pH 8.5-9.5

FOR DRINKING

*This type of water is perfect for drinking and healthy cooking.*

*This electrolytically-reduced, hydrogen-rich water works to restore your body to a more alkaline state, which is optimal for good health.*

*Usage: drinking, food preparation, coffee and tea, soups and stews, and watering plants.*

## DRINKING

Drink Kangen Water® throughout the day. Unlike tap water, Kangen Water® has no unpleasant odor, tastes lighter, and has a pleasantly sweet flavor.

## FOOD PREP

Clean vegetables and fish. Enhance the flavor of broccoli, onions, bamboo etc. by pre-boiling them in Kangen Water®. Use less condiments and salt.

## COFFEE & TEA

You'll be surprised at the wonderful color, taste, and aroma of coffee or tea prepared with Kangen Water®.

You can also use less coffee or tea and still achieve a full rich taste due to the water's extractable ability.

## COOKING

Kangen Water® draws out the flavor of ingredients so they get tender and juicy. Therefore, food doesn't need as much seasoning, and excess salt can be avoided.

# NEW MARKET EXPANSION

## DAILY 8-POINT CONTEST

Win a daily bonus for your 8-point sales!

### OPEN TO ENAGIC DISTRIBUTORS OF ALL RANKS

- Goal: Recruit new Distributors and consumers
- Contest-Specific Point Calculations:
  - Three (3) Ukon DD = One (1) 8-point sale
  - Two (2) Emguarde = One (1) 8-point sale
  - E8PA Bronze Membership = One (1) 8-point sale
- Tokurei, Cancellations and Unpaid sales do not count
- Self-purchase does not count
- See table for minimum product sales requirements
